S. A. D. 44 BOARD WORKS ON BUDGET AT MONDAY NIGHT MEETING

A regular meeting of the M. S. A. D. #44 board of directors was held in the Library at Telstar Regional High School on Monday evening of this week.

Paul Bodwell, chairman of the Buildings and Grounds Committee, reported on bids that had been received for proposed repair work at Andover Elementary, Woodstock Elementary, and Bethel Bisbee Schools. No action on any of the bids was taken.

A motion to hire a substitute for Ray Melon, elementary physical education instructor, currently on sick leave, lost as no affirmative votes were recorded, with 10 votes negative.

Arthur Farrington, custodian at the Woodstock Elementary School, notified the board that he intended to retire as of July 30, 1976. The board noted with thanks, Mr. Farrington's past service.

The board adopted the Shrine Circus as a school activity for fourth graders, and approved the use of three buses to transport the students to Lewiston on April 24. Bus drivers are donating their time for this activity.

The request of Timothy J. Barker, Woodstock Elementary School, for a leave of absence from May 14 to May 29 for training in the Army National Guard was approved.

The board accepted the resignation of Annie Rosenberg of Woodstock as a member of the panel. Mrs. Rosenberg was elected to the board in March of 1975. The Woodstock selectmen will be notified of the necessity of the appointment of a person to serve until the 1977 annual town meeting, at which time a person shall be elected for a term to expire in March of 1978.

The board approved a new date, Monday, May 24, for the annual District Budget Meeting. It was felt that it would be impossible to meet the initially approved date of May 10, as the board had much work ahead of them to reach a point where they could recommend a budget to the voters of the District.

The board tentatively approved a sum of \$10,000 for the Student Activities portion of the budget. This was a reduction of the revised request of \$12,428.84. A motion to reduce the amount to \$9,218.20 was defeated. "Student Activities" contains funds for supplies for the athletic program.

The directors tentatively approved \$195,000 for transportation. The original amount requested was \$209,154.

Also tentatively approved was an amount of \$211,762 for operation of plant.

The board approved \$38,725 for outgoing transfers (tuition, North Oxford Vocational Area).

The amount tentatively approved for administration (salaries of superintendent, office staff, board; legal services, etc.) was reduced to \$60,000.

A special meeting of the board has been scheduled for the Telstar Regional High School on Monday, May 3, at 7 o'clock.

SEN. JACKSON ANNOUNCES RE-ELECTION CANDIDACY

Senator Philip C. Jackson, Republican of Harrison, has announced that he is a candidate for re-election to the State Senate from Senate District #5. Jackson is currently serving his first term in the Maine Senate.

Senator Philip C. Jackson

Jackson in announcing his re-election candidacy said, "the two most important areas for the next session of the legislature to deal with are the reduction or the elimination of unnecessary state programs to bring about significant savings in state government and meaningful tax reform."

Senator Jackson also spoke of his strong support of reducing the amount of bureaucratic red tape that causes so many "headaches" for citizens and small businesses.

Jackson is chairman of the Legislature's Local and County Government committee. He also serves as a member on the Taxation Committee, the Agriculture Committee, the Commission to Revise Statutes Relating to Juveniles, the Committee on Engrossed Bills, and is chairman of the Special Select Committee on Local and County Government.

The Senator is a native of Oxford County and is a graduate of Oxford Hills High School and Bliss Business College. He has also served two years in the army from 1967 to 1969.

Jackson and his wife, Dianne, own and operate the Village Tie-Up, a small grocery store in Harrison. He is the father of two daughters, Marie Lynne, age five and Megan Marie, age eight months.

Senator Jackson is active in many civic and fraternal organizations. He is a member of the following: Harrison Volunteer Fire Department, Oxford County Agricultural Society, Harrison Lions Club and the Crooked River Masonic Lodge. He is also a director of the Harrison Mutual Fire Insurance Company.

Senate District #5 includes the following Cumberland and Oxford County communities: Bethel, Bridgton, Brownfield, Buckfield, Canton, Denmark, Fryeburg, Gilead, Greenwood, Harrison, Hartford, Hiram, Lovell, Norway, Otisfield, Oxford, Paris, Peru, Porter, Stoneham, Stow, Sumner, Sweden, Waterford, West Paris, Woodstock, and Milton Plantation.

WINNERS ANNOUNCED FOR EASTER EGG HUNT

The Easter Bunny was blessed with perfect weather to hide eggs for Bethel's Annual Egg Hunt.

More than 100 children participated in the Hunt held at Bethel Bisbee and Crescent Park Schools. Winners at the Bethel Bisbee School were Chris Hestlat for the boys and Missy Brown for the girls. Lucky finders of the Bicentennial Eggs were Brian Kellogg, Stacey Brown, and Missy Brown. Jonathan Head and Jody Kimball shared first place honors at Crescent Park School. Bicentennial Egg finders at Crescent Park were Georgia Gould, Carl Barth, Brent Bachelder, and Nancy Gould. The Easter Bunny was present to assure that no one went home with an empty basket.

It would have been impossible to have the Hunt without the generous help from Bethel's Rotary Club, Mr. Bicentennial "Chuck" Farrar, and Mrs. R. R. Tibbets. Special thanks also go out to Brenda Lyon, Audrey Jordan, Becky and Lenny Shaw, Eric and Karen Paul, Diane Cross, to the parents of those who participated for braving the early hour of the morning, and to Mary Cummings who kept everyone hopping.

COMMUNITY CONCERT ASSN. NOW CONDUCTING 1976-77 MEMBERSHIP DRIVE

The Community Concert Association in Rumford is sponsoring its annual membership drive for the 1976-77 season.

Your membership card entitles you to attend a concert in Maine, New Hampshire or anywhere in the country, as well as the bonus concert on May 4 for new members as well as old. This will be Betty Allen, a mezzo-soprano. She has sung with major orchestras in the United States and Canada.

The New Christy Minstrels will open the season in November. They have performed around the world as well as on T. V. with Bob Hope, Alan King, Connie Francis and Jimmy Durante to name a few.

Douglas Nicoll, a guitarist, will perform in January. His general music studies at Juillard were followed by numerous first prizes in contests by American Guild of Music. He took first prizes in the Chet Atkins International Guitar Competition in a field of over 300 world-wide entries. He also studied in Spain under full scholarship.

GREEN BERETS, OTHERS TO STAGE MOCK WAR IN AREA

Don't be surprised if within the next few days you come across bands of soldiers in the Bethel and White Mountain National Forest area. They will be members of the U. S. Army's 10th Special Forces Group, "Green Berets", involved in a field training exercise, and will be using Bethel as a parachute dropping point.

In a mock war, a mythical country has invaded and occupied portions of the United States, to include Maine, New Hampshire, Vermont and Massachusetts.

The role of the enemy occupation forces is being played by a battalion of about 600 of the 101st Airborne Division from Fort Campbell, Ky. (wearing blue berets).

They arrived at Laconia, N. H. Airport on April 20. Opposing the 101st are some 400 members of the 10th Special Forces from Fort Devens, Mass., who are parachuting in behind "enemy" lines to organize groups of U. S. soldiers who were cut off and over-run when the invasion took place.

Using blank ammunition, the Green Berets will lead their forces in small-scale ambushes and raids against the enemy soldiers of the 101st. Participating in the exercises will be as many as 30 helicopters plus ground vehicle support from several New England National Guard Units, so citizens should not be alarmed at the large increase of low helicopters and military vehicles in the White Mountain National Forest Area. As in past exercises, the Green Berets count on the support of the citizenry in their efforts to oust the Occupation Forces.

These maneuvers are part of the Special Forces' training in preparation for European assignment later this summer. They have recently returned following several weeks of arctic training in Alaska, where minus 85 was within the normal temperature range.

Board members not present at the Saturday meeting: Philip Morales, Andover; Frances Gunther, Bethel; Annie Rosenberg, Woodstock.

SENIOR CITIZENS MET APRIL 14
The Senior Citizens met at the Methodist Church dining room for their regular monthly meeting, April 14 at 11 o'clock.

The meeting opened by the members repeating the Lord's Prayer with Pres. Muriel Faudi presiding. All officers were present.

Elizabeth Lord, vice president, spoke to the group regarding Project Independence and the buses. Jim Rowe of South Paris told of Senior Citizen trips scheduled for the summer. June 1, 2 and 3, to Cape Cod, Mass. A tour of scenic places of Pilgrim days. A trip is also scheduled to Concord, N. H. Joan Coolidge outlined a program for "meals" similar to those in progress at the Rumford Institute. Enough votes were taken to make it possible. Plans will be given at a later date.

Cora Bennett, sunshine chairman, gave her report. Get well cards to Joe Perry, Eva Johnston, Philip Jodi, Ellen Varney, Nell Valentine, Jorgen Olson and Maggie Lowell. Sympathy cards to Geneva McCoy, Muriel Faudi and Parker Russell on the loss of their loved ones.

A thank you card from Nell Valentine for her flowers while at the Maine Medical Center.

The first pot luck dinner was a success. A committee was appointed so each member would not serve every month. 59 members and guests were seated at the table. Stanley Lord gave the blessing.

A program for Easter was presented after the dinner. Rev. Caton gave the address on Easter, through the ages up to the present time; Adeline Dexter, a poem on "Easter"; Angelo Onofrio with his guitar, played several tunes of "long ago", including The Easter Parade; Leona Curtis, presided at the piano with melodies which we all enjoyed.

Gail Dove, R. N., outlined the Health Screening Project for senior citizens which was April 15 at the Methodist Church—eye tests and blood tests as well. Elizabeth Lord and Sarah Stevens were helpers.

The birthday cake was furnished by Adeline Dexter along with ice cream and cookies for dessert.

Renewals and new order blanks for "Stoop" subscriptions were passed out. This is an older citizens newsletter each month for those who wish to contribute for a good cause. One dollar person or any larger amount if you care to give.

The May 12 meeting will be held at Sunday River Inn. It is the group's 14th anniversary. Leona Flint will furnish and donate the anniversary cake for their annual event.

The staff at Sunday River will serve the dinner for this occasion. Leona Curtis was with us for

Greenwood City — South Woodstock

— Mrs. Collis Morgan, Correspondent —

As I stopped to stare about a bit, in my hike today I saw more than in a casual glimpse. In the landscape nearby there were both gray trees and brown together, with the white birches mixed in. Between me and the hillside were the stones and walls whose shadows were almost black. To the right, stood the pines while along the borders of the fields there still remained withered, rusty autumn, also white winter and green spring. The very expression on the land had changed: released of bonds and now expectant. Southern slopes were emerging. With the snow gone the simplicity of the landscape has disappeared.

Calling to each other were the redwinged blackbirds for I was near to their swamp. Crossing a field at my left toward the alders a song sparrow greeted me with his song from among the pussy willows. Song Sparrow Well named! He is the yodest, lowly avian minstrel of the brier patch—the most persistent singer of all sparrows. Noting seems to discourage or daunt him. I stopped to watch, listen, and to welcome him to another spring and summer in Greenwood. His first notes seem brisk but rather long, the last few run quickly to the end.

There were places in the field of a yellowish pallor where I had to step briskly over the water-soaked and matted grass. The colored twigs were at last awake and the pussy willows large gray and abundant rising above the sodden, cold and liberated earth. They were so pretty against the blue-blue sky.

I wandered and lingered for awhile then went again down the main road and on to Tuttle Bridge. Here all aspects of nature were beginning to be alive again. My last visit here, the little pools were sealed up in a steely-black prison of ice. Now the air was full of water chuckles whose incessant chatter rose above the light south west wind. Looking directly down into the water, I could see the sun light passing through those moving wavelets to the stones beneath. This was a scene out of our American—a glen, a valley, old rocks, peaceful trees, incessant sound of water, and birds going and coming, coming and going far above in the blue. Within the earth, upon it, and above it, life stirs once more and will go on.

Turning back toward home I carried a few pussy willows for a friend.

As I passed an open field to my right, a flock of redwings and grackles had alighted. For some time they hunted for food carrying on their conversation in their low grating sounds. Just at that moment I struggled to hold back a sneeze but couldn't. The explosive sound was as alarming to

The German Club left Thursday, April 15, for Germany and Austria with eight adults and eight students in the group who drove to Boston Logan Airport where they made a night flight across the Atlantic to their destination. They will be gone eight days on the tour.

Mr. and Mrs. Guyson Davis and Mr. and Mrs. Gerald Davis returned home Sunday from Florida. Mr. and Mrs. Gerald Davis who live in Freeport, spent some time with his brother and wife in Orlando, Fla., this year.

Alvah Hendrickson has been entered in the Stephens Memorial Hospital this week for a while. Robert Deegan entered Rumford Community Hospital this week for minor surgery.

Mr. and Mrs. Leslie Bryant called on Olive Davis Wednesday afternoon. Leslie did some odd jobs around the house while here. He is so helpful every time he comes.

Lettie Brooks took Gladys Ellingwood, Doris Slattery, Louie Coffin and Olive Davis to Retired Teachers meeting held at Rumford's new High School building, where they were also served a fine dinner at the school's cafeteria. It was a lovely warm day and enjoyed by all.

them as a gun shot. The air was filled with a harsh clamor and the roaring of wings. They rose as one bird and streamed toward the woods for protection. I chuckled and continued on my way. Across the pond at the falls the water was tumbling down among moss-covered rocks.

I paused at the pond's edge to see what it had to show. There was the usual disorder of stones and small boulders sloping down from the turf into the water; waves tumbling into the diamond sparkling water.

At home my chippy waited for his hand-out on the steps while "Gramp," my robin, musically talkative, listened for a worm expecting no hand-out and getting none.

Club Eight met with Anna Jarvenpaa on Tuesday afternoon. All were there except Ruth Hastings who is visiting her daughter in Falls Church, Va.

At the Hayes Homestead, Rolly Hayes staged a bull fight with his wife and brother as audience. It all started when Rolly was leading the young "critter" and he became frightened. With the help of his brother and a tractor they got him under control and into the barn.

On Monday afternoon we visited Mr. and Mrs. Norton Emmons on the Old County Road.

Annie Mills, Shapleigh, came on Wednesday and returned on Thursday. While here she and I visited our aunt, Leona Curtis at East Bethel.

On the Job With Emily

Week of April 12-17

After a week of hassles between the House and Senate, with the Governor's presence strongly felt in the wings, over the Appropriations bill and the issue of state employee pay raises, the Legislature passed a compromise bill and adjourned until April 26 to await the probable gubernatorial vote. The bill passed is an amended version of plan "A" calling for an \$11 across the board pay raise for state workers, \$1 million in additional funds for APDC recipients, and an additional \$1 million for the university system. These amounts were below the figures requested by the affected groups; state employees had asked for \$15 per week raise, University personnel will find the figure \$5.4 million below request, and the extra welfare funds are a fraction of the amount sought. Gov. Longley is likely to veto the bill, as it did not call for implementation of the controversial Hay study which involved reclassification of state jobs, and institution of a pay scale which would strive to make state salaries comparable to similar jobs in the private sector. The Governor, in a letter to legislators, calls the defeated plan "B", including the Hay report, a career development plan, while branding the version which was passed "the social welfare approach."

In other action during the past week, the single license plate plan was declared officially dead when members of a joint House-Senate conference failed to reach agreement. The Spruce Budworm Control program was allocated \$4.5 million for spraying, which will be matched with the same amount of Federal monies. The state share will require no increase in broad base tax. The money will come from a tax on owners of fir and spruce forestlands, who participate in the program. Woods lands owners have the option of participating in the spraying program or

combating the insects themselves through scientific forestry.

The legislature is attempting to deal with inefficiencies in the Department of Mental Health and Corrections by reorganizing the central administration, allowing the appointment of bureau directors by the Commissioner. The bill also deals with over-crowding in adult correctional institutions, the high cost of the Hallowell Juvenile facility, and the need for a facility for emotionally disturbed adolescents. A co-educational juvenile facility will be set up at the Boys Training Center, the Stevens School in Hallowell will be converted to a facility for emotionally disturbed teens, and the Women's Correctional Facility at Skowhegan may be re-opened for housing adult men, to alleviate over-crowding at the Maine State Prison and Men's Correctional Center. Funds for these changes will come from savings realized from closing of the Stevens School.

Maine's "Right-To-Know" law was rendered virtually worthless in the regular session of the 107th when the legislature exempted many types of meetings from the law. The special session has moved to strengthen the law. It is again illegal for the board of DEP, LERC, PUC, local zoning and planning boards to deliberate secretly. Additionally, there is a requirement that the public be told about meetings in ample time for public attendance. Clandestine meetings, and conferences or meetings on private property being used to defeat the purposes of the right-to-know law are prohibited. Emergency meetings are still allowed, but in those instances, the press must be alerted by the same or faster means than used to notify members of the agency meeting.

Rep. Saunders will be in Bethel until the Special Session convenes on April 26. Anyone wishing to share their feelings on the appropriations bill with her should call her at 824-2264, before April 26.
